**Case study**

Rabwood Mutual is a financial services firm that was established as a partnership 10 years ago. The head office is in Geelong. The business also has three smaller branches in Ballarat, Bendigo and Warrnambool.

**Map of Victoria showing the offices of Rabwood Mutual**

During 2020 the business went through a period of restructure. As part of this restructure, the human resources department was expanded and a data analyst was recruited. The data analyst is responsible for monitoring the key performance indicators (KPIs) of the business.

Early in 2021 the business implemented a new program that required all employees to complete five days of on-the-job training each year. The business is also using redeployment in all its Victorian locations whenever staff shortages are experienced. Employees are expected to move between the four branches in regional Victoria. For example, several employees from the Warrnambool branch have been redeployed to Geelong following the unexpected resignation of three members of staff.

In late 2021, the human resources manager presented the three graphs on page 15 to the partners of the business. The partners have expressed some concern about the data shown in the graphs.
